Introduction

Dear Sir or Madam,

My name is Örsan Dermencioglu. As the Executive Director of the '**SprachAcademy**' I write this message to briefly describe our activities, which aim to offer the best possible service to our students.

The '**SprachAcademy**', as an educational center in Germany, has provided educational services to students for the last ten years. We are located in Down Town Berlin, at Tauentzienstraße - right off the Kurfürstendamm.

We offer educational and consulting services for all individuals who are interested in studying in Germany. Our services mainly consist of providing opportunities for studying the German language in Berlin both for general purpose or in preparation for entering a renowned German university, where high quality education is offered for low fees.

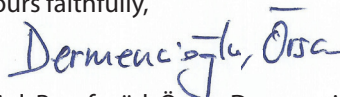

Our Support Service will verify your academic documents prior to your arrival. If

you have the necessary academic qualifications and you do not yet have enough knowledge of the German language, we can guarantee you access to a university. You will first receive a conditional admission to study and at the same time a registration confirmation for a German language course. With these documents you can apply for a visa at the responsible German Embassy.

If you are planning to stay in Germany for a longer period of time, you will need a good knowledge of German in every sphere of life. We can help you to achieve that. The **SprachAcademy** is the right place for you when it comes to language acquisition.

I wish you success and I look forward to co-operating with you.

Yours faithfully,

Dipl. Berufspäd. Örsan Dermencioglu
(Executive Director)

Studying in Germany

Good knowledge of German language is one of the admission requirements for studying at a German university besides the recognition of the foreign qualification. A Bachelor Degree program takes 3 to 4 years and a Master degree program 2 to 3 years.

All universities require a proof of German language proficiency in the form of a successfully completed TELC-C1-Hochschule exam. This exam is based upon the **Common European Framework of Reference for Languages (CEFR)** and requires successful participation in at least 800 learning units of German.

Attending a German language course supports students on their path to succeed in learning. In addition students can not only improve their language skills but also their intercultural competence by face-to-face communication with native speakers.

We teach German from level A1 to the desired level. Our students come from all over the world to improve their German skills with or without prior knowledge. All the 'SprachAcademy' trainers are not only highly qualified specialists regarding pedagogical questions but also native speakers.

Adventure Summer School

Scientifically proven **Joy** and **Activity** help students to become more successful in learning.

Anyone who is interested in studying Ger-

man has the chance to participate in a language study travel, which takes place over summer for two to eight weeks.

During our **Summer School** students can let themselves be drawn nearer to the German language, history and culture,

which will make your holiday informative and unforgettable.

Besides extra-curricular activities, students will be able to visit famous landmarks of Berlin, e.g. the Brandenburg Gate, Checkpoint Charlie or the Berlin Wall. Thus, students can immediately transfer from language learning to its direct practical use. Culture, history and education are the main focus of the excursions to Berlin, Potsdam, Dresden & Prague, as well as visiting a popular university to learn more about the German study culture.

Accommodation and meals are provided.
